We're the place to get for your called book. And your time to acquire this guide as among the compromises has been ready. Into the autumn of 1967, Junior reviewed hundreds of thousands of phone listings, and occasionally he located a rare Bartholomew. In San Rafael or Marinwood. In Greenbrae or San Anselmo. Located and investigated and cleared them of any connection with Seraphim White's bastard baby.. "We have reason to believe that the man who raped your sister is stalking you." In a neatly groomed neighborhood of unassuming houses, Vanadium's place was as unremarkable as those around it: a single-story rectangular box of no discernible architectural style. White aluminum siding with green shutters. An attached two-car garage.. Although Dr. Lipscomb spoke almost as softly as the long-winded pianist, and though the physician's narrow face was homely and devoid of any trace of violent temperament, Neddy Gnathic flinched from him and retreated across the threshold, into the hallway.. For a while, she couldn't get enough air. Felt suffocated. She drew great, raw, shuddering breaths, and thought that she would never be able to quiet herself but quiet came.. Reflecting upon her son's clever, diligent, and uncomplaining adaptation to darkness, she wished that she had described to him the dazzling sunset under which they had made their journey home. Although her words might have been inadequate to the spectacle, he would have elaborated on them to create a picture in his mind; with his creative skills, the world that he'd lost with his sight might be remade in equal splendor in his imagination.. The shakes returned, became more violent than previously--and then once more passed.. Rising slowly like the blade in the hands of an ax murderer as deliberate as an accountant, Thomas Vanadium's gaze arced from Junior's clenched fist to his face.. Nevertheless, being cautious even as he seized the day--or the night, in this case--he parked a short distance from his destination, on a parallel street. He walked the last three blocks.. Instead, he imagined Vanadium's blunt fingers moving over the intravenous apparatus with surprising delicacy, reading the function of the equipment as a blind man would read Braille with swift, sure, gliding fingertips. He imagined the detective finding the injection port in the main drip line, pinching it between thumb and forefinger. Saw him produce a hypodermic needle as a magician would pluck a silk scarf from the ether. Nothing in the syringe except deadly air. The needle sliding into the port Bad news. Having been identified by another guest put Junior at risk of later being tied to the killing; having been recognized by a close personal friend of Celestina White's was even worse. It had become imperative now that he know why the pianist had been watching him from across the room with such intensity.. In the brief silence between cuts on the album, he heard the clink of the wineglass against the bottle of Merlot, as the visitor evidently gathered them from the floor.. It was hard for him to lie. He thought he was awkward at it because he had no practice. Hound knew better. He knew that magic itself resists untruth. Conjuring, sleight of hand, and false commerce with the dead are counterfeits of magic, glass to the diamond, brass to the gold. They are fraud, and lies flourish in that soil. But the art of magic, though it may be used for false ends, deals with what is real, and the words it works with are the true words. So true wizards find it hard to lie about their art. In their heart they know that their lie, spoken, may change the world.. If he was left standing on the porch, the visitor would circle the house, peering in windows where the drapes were not drawn, trying the doors in hope of finding one unlocked. Fearful that Victoria was sick or injured, that perhaps she had slipped on a pat of butter and cracked her head against the corner of an open oven door, he might try to force his way inside, break a window. Certainly he would go to the neighbors to call the police.. Junior forgot all about seduction. "And she--what?--She adopted her sister's baby?.." "What do you think of the exhibition," Junior asked, taking one step toward the musician, crowding him.. The Rolex. Because most of the trash in the huge bin was bagged, finding the watch would be easier than Junior had feared.. San Francisco's pre-Christmas cheer had deserted it. The glow and glitter of the season had given way to a mood as dark and ominous as *The Cancer Lurks Unseen*, Version 1.. Angel, on the window seat, wore nothing but white. White sneakers and socks. White pants. White T-shirt. Two white bows in her hair.. O foolish writer. Now moves. Even in storytime, dreamtime, once-upon-a-time, now isn't then.. "I didn't know it myself till I realized I was right in your neighborhood. I assumed your mother and Angel would be here, and I hoped you might be. If I'm intruding-". Instead of answering the question, meaning to imply that he believed Junior already knew the facts, Thomas Vanadium said, "I was able to get a warrant to search your house." Junior thought this must be a trick. No hard evidence existed to indicate that Naomi had died at the hands of another rather than by accident.. "Lock it anyway. And don't hang up. Stay on the line until the patrolmen get there..". Since childhood, he had been waiting for this moment--if indeed it was *The Moment*--and he had nearly lost hope that the much-desired encounter would ever come to pass. He had expected to find others with his perceptions among physicists or mathematicians, among monks or mystics, but never in the form of a three-year-old girl dressed all in midnight-blue except for a red belt and two red hair bows.. "Cancer," he said, because that was more tragic and far less suspicious than a fall from a fire tower.. When Frieda finished retching and passed out in a heap, Junior left her on the floor and immediately set out to explore her rooms.. She worried that they would argue with her, and though she knew that she was committed to her decision, she was afraid to have that commitment tested just yet.. Fed up with them and with this exhibition, Junior half wished that he would again be stricken by violent nervous emesis. Even in his suffering, he would enjoy spraying these insistently appealing canvases with the reeking ejecta of his gut: criticism of the most pungent nature.. He still had work to do here. Properly disposing of Thomas Vanadium, however, was the most urgent piece of business.. She curled up in the armchair, watching Barty. She was greedy for the sight of him. She thought she would not doze off, but would spend the night watching over him, yet exhaustion defeated her.. In spite of the gloom, the boy's miraculous accomplishment was evident: his clothes and hair were dry as though he'd worn a coat and hood.. He groaned. "That just doesn't cut it, Mom. If I gotta be blind, I think I should get to say peed off..". Finding nothing more of interest in the study, he considered searching the rest of the house.. At the grave, they arrived with red and white roses. Agnes carried the red, and Barty brought the white.. When Agnes crunched the ice, the nurse said, "No, no. Don't swallow it all at once. Let it melt..". when red aces weft followed by disturbing jacks, Agnes had pretended to take her son's card-told fortune lightly, especially the frightful part of it. In fact, a coldness had twisted through her heart.. "I'm gifted to a small extent, and it's an unusual gift," he admitted. "Nothing world-shaking. More than anything, really, it's a special perception I've been given. Angel's

gift seems to be different from mine but related. In fifty years, she's the first I've ever met who's somewhat like me. I'm still shaking inside from the shock of finding her. But please, let's save this for Bright Beach and a better evening. You go down there tomorrow with Paul, okay? I'll stay here to look after Wally. When he's able to travel, I'll bring him with me. I know you'll want him to hear what I have to say, too. Is it a deal?". Any reasonable person would agree that the line between legitimate and harassment was hair-thin. The white Buick glided through the tides of fog like a ghost ship plying a ghost sea. Finally Vanadium said, "According to the lab report, the baby she was carrying was almost certainly yours." Bartholomew had been able to focus his eyes much sooner than the average baby was supposed to be able to focus. To a surprising extent, he was already engaged in the world around him. "It's a miracle both of you didn't go through that railing," the attorney agreed. Once satiated, what she desired was a reason to deceive herself into believing that she was not a slut, that she was a victim. She didn't really want to tell anyone what he had done to her. Instead, she was asking him, indirectly but indisputably, to provide her with an excuse to keep their passionate encounter secret, an excuse that would also allow her to continue to pretend that she had not begged for everything he'd done to her. Junior, putting himself in the detective's place, could think of a few reasons for this visit to Seraphim's grave. Unfortunately, not one of them supported his contention that he was an innocent man. He hit Celestina with the big question, the huge question, just as she paused in her babbling to suck in a deep breath, the better to spout even more nonsense, whereupon this panicky inhalation caught in her breast, caught so stubbornly that she was certain she would need the attention of paramedics to start breathing again, but then Wally popped open the box, revealing a lovely engagement ring, the sight of which made the trapped breath explode from her, and then she was breathing fine, although snuffling and crying and just generally a mess. "I love you, Wally." Celestina White was the center of attention, always surrounded by champagne-swilling, canape-gobbling bourgeoisie who would have been shopping for paintings on velvet if they'd had less money. Angel liked to perch sideways with a drawing tablet in the window seat in Barty's room, look out at the oak tree from the upper floor, and draw pictures inspired by things she heard in whatever book he was currently listening to. Everyone said she was a pretty good artist for a three-year-old, and Barty wished he could see how good she was. He wished he could see Angel, too, just once. Junior had almost fumbled his fork when he recognized the tune. His heart raced. His hands were suddenly clammy. And though Barty was not shy, neither was he a show-off. He didn't seek praise for his accomplishments, and in fact, they were little known outside of his immediate family. His satisfaction came entirely from learning, exploring, growing. But she knew. Barty, buoyant as ever, seemed not to be much worried about the problem with his vision. He appeared to expect that it would pass like any sneezing fit or cold. "We've mapped three routes to the top," Angel said, "and each offers different challenges. Barty's eventually going to climb all of them, but he's starting with the hardest." With a shiver, Kathleen said, "We'd like to know more about why we did the things we did for you. Why the quarters? Why the song?" He lived high, on Russian Hill, in a limestone-clad building with carved Victorian detail. His one-bedroom unit included a roomy kitchen with breakfast nook and a spacious living room with windows looking down on twisty Lombard Street. Unable to hold his breath or to quiet his miserable sobbing, Junior couldn't hear clearly enough to discern whether the sounds of the stalking sculpture were real or imagined. He knew that they had to be imaginary, but he felt they were real. "It's just that you never know what anyone's hand has been up to recently," Jacob explained. "That respectable banker down the street might have thirty dismembered women buried in his backyard. The nice church-going lady next door might be sleeping in the same bed with the rotting corpse of a lover who tried to jilt her, and for a hobby she makes jewelry from the finger bones of preschool children she's tortured and murdered." Considering the protection that it would afford him in a world full of warmongers, Junior considered the loss of the toe, while tragic, to be a necessary disfigurement. To his doctors and nurses, he made jokes about dismemberment, and in general he put on a brave face, for which he knew he was much admired. On that busy night, with Vanadium's corpse in the Studebaker and Victoria's cadaver awaiting a fiery disposal at her house, Junior was too distracted to recognize the pertinence of the message. Now it tormented him from a dark nook in his subconscious. Tom Vanadium, on the other hand, was certain that Cain, having prepared for the possibility that something would go wrong during his assault on Celestina, wouldn't be easy to locate or to apprehend. In Vanadium's view, the maniac either had a bolt-hole waiting in the city or was already out of the SFPD's jurisdiction. Angel. A less exotic synonym for her own name. Seraphim's angel. The angel of an angel. He wondered what it would be like to make love to Renee and kill her. Only once had he killed without good reason. And that had been one of the infuriating Bartholomews. Prosser in Terra Linda. A man. On that occasion, no erotic element had been involved. This would be a first. As Celestina and her mother loaded the last of the pies into the ice chests in the Suburban, Paul and Agnes came back from her station wagon at the head of the caravan. The spirit of Bartholomew . . . will find you . . . and mete out the terrible judgment that you deserve. At the next corner, instead of continuing south, Junior angled aggressively in front of oncoming pedestrians, stepped off the curb, and headed east, traversing the intersection against the advice of a Don't Walk sign. Horns blared, a city bus nearly flattened him, but he made. SHORTLY BEFORE one o'clock, the Hackachaks descended in a fury, eyes full of bloody intent, teeth bared, voices shrill. Pulling herself up in the bed, peering at him suspiciously, she said, "You've gone and memorized old Emily." "Oh, it certainly is! It certainly is enough! But . . . I don't regret much, you know. But I do regret not being here to see why you and Angel have been brought together. I know it'll be something lovely, Barty. Something so fine." Matching his mother's whisper, taking obvious delight in their conspiracy, he said, "Our own secret society." He hadn't killed this one, of course. A traffic accident. Wasn't that what Vanadium had said? Ten months ago, following tendon surgery for a leg injury, Seraphim had been an outpatient at the rehab hospital where Junior worked. She was scheduled for therapy three days a week. As Sinatra began to sing "I'll Be Seeing You," Junior stepped around the bloom and the Merlot. He cautiously peeled back two inches of the curtain at one of the sidelights. He was in the kitchen at 11:20, spreading frosting on a large chocolate sheet cake while the reverend expertly frosted a coconut-layer job. Either this chatterbox was at all times a babbling airhead or Junior particularly disconcerted him. In case someone was waiting in the hallway, he flushed the john for authenticity, though binding foods and paregoric still gave him the sturdy bowels of any brave knight in battle. Now, twenty-four hours later, when Sparky answered his telephone and heard Tom Vanadium, he said, "You looking for a little company? I've got another bottle of Merlot where the last one came from." For a while he thought the fear would end only when he perished from it, but eventually it faded, and in its place poured forth self-pity from a bottomless well. Self-pity, of course, is the ideal fuel for anger; which was why, pursuing the Buick through fog, climbing now toward Pacific Heights, Junior was in a murderous rage. By the time he reached Cain's bedroom, Tom Vanadium recognized that the austere decor of the apartment had probably been inspired by the minimalism that the wife killer had noted in the detective's

own house in Spruce Hills. This was an uncanny discovery, troubling for reasons that Vanadium couldn't entirely define, but he remained convinced that his perception was correct. 'She didn't reach into your thoughts and pluck out the name Rowena. Or Beezil or Feezil.' Rising, Celestina said to Tom, "Last Tuesday night, we had to switch on the lawn sprinklers. This will be much better." "Yeah, they think we're with Candid Camera. So Jimmy points to this United Parcel truck parked across the street and says the cameras are in there." Phimie gazed upon the child briefly, then sought her sister's eyes again. Another word, Barty let go of the girl's hand, and although he remained dry, the storm at once found her where she'd been hiding in the silver-black folds of its curtains. Initially, the Pacific could not be seen beyond an opaque lens of fog. Yet later, when the mist retreated, the sea itself became a portent of sightlessness: Spread flat and colorless in the morning light, the glassy water reminded her of the depthless eyes of the blind, of that terrible sad vacancy where vision is denied. The missing paintings. The missing collection of Zedd's books. You didn't take these things with you for a weekend in Reno. You took them if you thought you might never be coming back. Still relishing her little pretense of rejection, Victoria did not touch the rose. "What kind of woman do you think I am?" Busily, earnestly, with great satisfaction, Junior redirected his anger at Celestina and at the man with her. These two were, after all, guardians of the true Bartholomew, and therefore Junior's enemies.
