For all his brilliance, however, he was still a boy who

loved to run and jump and tumble. Who swung from the backyard oak tree in a rope-and-tire swing. Who was thrilled when given a tricycle. Who giggled in delight while watching his uncle Jacob roll a shiny quarter end over-end across his knuckles and perform other simple coin tricks..He hadn't paid close attention to those patrons seated at the bar behind him. Now, he turned in his chair to study them..In the kitchen, a delicious aroma wafted from the oven. On the stove stood a large pot over a low flame, and nearby was pasta to be added to the water when it came to a boil..Angel didn't join the grieving women, but sat on the floor in front of the television, switching back and forth between Gunsmoke and The Monkees. Too young to be genuinely involved in either show, nevertheless she occasionally made gunfire sounds when Marshal Dillon went into battle or invented her own lyrics to sing along with the Monkees..He would have done it, too, and risked establishing a pattern that police might notice; but the still, small voice of Zedd guided him now, as so often before, and counseled calm, counseled focus..Before he taught himself to read books, he also taught himself numbers, and then how to read a clock. The significance of time had a more profound impact on him than Agnes could understand, perhaps because acquiring an awareness of the infinite nature of the universe and the finite nature of each human life-and fully understanding the implications of this knowledge-takes most of us till early adulthood if not later, whereas for Barty, the vast glories of the universe and the comparatively humble nature of human existence were recognized, contemplated, and absorbed in a matter of weeks.. "Oh, it doesn't mean you're nervous in that sense. Nervous in this case means psychologically induced. Grief, Enoch. brief and shock and horror-they can have profound physical effects." After taking a minute to steel himself, Junior squatted next to the dead detective..It didn't seem to him to amount to much. It was such an easy matter to him to make a silvery light shine in a dark room, or find a lost pin by thinking about it, or true up a warped joint by running his hands over the wood and talking to it, that he couldn't see why they made a fuss over such things. But his father raged at him for his "shortcuts," even struck him once on the mouth when he was talking to the work, and insisted that he do his carpentry with tools, in silence..These weren't lakes of blood, just smears, so Junior could wipe them up quickly, once he got the corpse out of the hallway, but the sight of them further infuriated him. He was here to bring closure to all the unfinished business of Spruce Hills, to free himself from vengeful spirits, to better his life and plunge henceforth entirely into a bright new future. He wasn't here, damn it, to do building maintenance..Averting his eyes from Vanadium's face, Junior moved farther up the stocky body. He folded back the tweed sports jacket to reveal a shoulder holster..Knuckle over knuckle, snared in the web of thumb and forefinger, vanishing into the purse of the palm, secretly traversing the hand, reappearing, knuckle over knuckle, the coin glimmered as it turned..Indeed, Junior suspected that they might be here at Vanadium's urging. The cop would be interested in determining how avaricious the mourning husband would prove to be when presented with the opportunity to turn his wife's cold flesh into cash..Occasionally he woke in the night and heard himself murmuring the mantra aloud, which apparently he had been repeating ceaselessly in his sleep. "Find the father, kill the son." In April, Junior discovered three Bartholomews. Investigating these targets, prepared to commit homicide, he learned that none had a son named Bartholomew or had ever adopted a child..At the beginning of his third month, instead of at the end of his fifth, he was combining vowels and consonants: "ba-ba-ba, ga-ga-ga, la-la-la, ca-ca-ca." After nudging the door shut with his shoulder, Barty carried the sodas out of the kitchen and forward along the hall. Pausing at the livingroom archway, he said, "Uncle Jacob?". He fished the sound-suppressor from a jacket pocket, drew the pistol from his shoulder holster, and began to screw the former to the latter. He misthreaded it at first because his hands had begun to shake..Casey and Tutti, her sister Skipper, and dreamboat Ken-and soon the girls had Barty enthusiastically involved in a make-believe world far different from the one in which Heinlein's teenage lead owned an extraordinary alien pet with eight legs, the temperament of a kitten, and an appetite for everything from grizzly bears to Buicks..This graciousness didn't free Paul to speak. Instead, he felt his throat thicken, trapping his voice more tightly still..The sensual memories of his torrid evening with Seraphim had left Junior aroused. Unfortunately, the only female nearby was Industrial Woman, and he wasn't that desperate..Junior's heart knocked so hard and fast that he wouldn't have been surprised if Vanadium, at the far end of the room, had begun to tap his foot in time with it.. "I'm no hero," Paul insisted. "I just got your mom out of there in the process of saving myself."..AS GREASY WITH FEAR sweat as a pig on a slaughterhouse ramp, Junior woke from a nightmare that he could not remember. Something "is reaching for him-that's all he could recall, hands clutching at him out of the dark-and then he was awake, wheezing. Night still pressed at the glass beyond the venetian blind. The pharmacy lamp in the corner was aglow, but the chair that had been beside it was no longer there. It had been moved closer to Junior's bed..Being blind had few consolations, but Barty found that not being able to look at his uncles' files and books was one of them. In the past, he never really, in his heart, wanted to see those pictures of dead people roasted in theater fires and drowned bodies floating in flooded streets, but a few times he peeked. His mom would have been ashamed of him if she'd discovered his transgression. But the mystery of death had an undeniable creepy allure, and sometimes a good Father Brown detective story simply didn't satisfy his curiosity. He always regretted looking at those photos and reading the grim accounts of disaster, and now blindness spared him that regret..Although the distance to the ground was only ten feet, she would be risking too much by running blindly off the roof and leaping to clear the fringe of fire at the edge. A landing on the lawn might end well. But if she fell onto the walkway, she might break a leg or her back, depending on the angle of impact..The stress that he currently felt wasn't the same that he so often relieved with women. This was an energizing tension, a not-unpleasant tightening of the nerves, a delicious anticipation that he wanted to experience to its fullest-until the gallery reception for Celestina, on the evening that her show opened, January 12. This tension could not be released by intercourse, but only by the killing of Bartholomew, and when that long-sought moment arrived, Junior expected the relief he experienced would far exceed mere orgasm..Agnes drew him into her arms and lifted him off the desk and embraced him tightly, with his head on her shoulder and his face nestled against her neck, as she'd held him when he was a baby..The glimmering bay and the shimmering amber candlelight provided the perfect atmosphere for the song that arose now from the piano in the bar..His entire body throbbed from his neck to the tips of his nine toes. His legs were the worst, filled with hot twisting agony.. "My dad's already armored me," Celestina assured her. "He says art lasts, but critics are the buzzing insects of a single summer day." For breakfast, he avoided sugar. He ate cold roast beef and drank milk laced with a double shot of brandy.. "Worlds," ventured Jacob, "in which that oil-tank truck never stopped on the railroad tracks in Bakersfield, back in '60. So the train never crashed into it and those seventeen people never died." He managed to hold the towel around his foot, but it grew dark red and disgustingly mushy..Shaking with a fear that had nothing to do with Junior Cain and flying bullets, or even with memories of Josef Krepp and his vile necklace, Tom Vanadium closed the sketch pad and put it on the window seat. He opened the window, and in rushed the susurrant of breeze-stirred oak leaves..He used the kitchen phone, at the corner

secretary. The blood had been cleaned up long ago, of course, and the minor damage from the ricocheting bullet had been repaired. Vanadium's vehicle, obviously not an official police sedan, was a blue 1961 Studebaker Lark Regal. A dumpy and inelegant car, it looked as though it had been designed specifically to complement the stocky detective's physique. The sound-suppressor didn't render the pistol entirely silent, but the three soft reports, each like a quiet cough muffled by a hand, wouldn't have carried beyond the hallway. On the third of June, he found another useless Bartholomew, and on Saturday, the twenty-fifth, two deeply disturbing events occurred. He switched on his kitchen radio only to discover that "Paperback Writer," yet another Beatles song, had climbed to the top of the charts, and he received a call from a woman. Instead of answering the question, meaning to imply that he believed Junior already knew the facts, Thomas Vanadium said, "I was able to get a warrant to search your house." Junior thought this must be a trick. No hard evidence existed to indicate that Naomi had died at the hands of another rather than by accident. Junior leaned forward and slid the packet of cash across the desk, toward the detective. "There's more where this came from." She bit her lower lip, held her breath, repressed the sob that sought release, and said, "I know." Although the piano was at some distance and the restaurant was a little noisy, Kathleen recognized the tune at once. She looked up from her veal, her eyes full of merriment. All the way back to the ridge, sitting up front beside a county deputy in a police cruiser, with an ambulance and other patrol cars racing close behind them, Junior had shaken uncontrollably. When he tried to respond to the officer's questions, his uncharacteristically thin voice cracked more often than not, and he was able to croak only, "Jesus, dear Jesus," over and over. Had he ever thought he could get away with this? He must have been delusional, temporarily mad. Undeterred, the girl said, "Not magic. But maybe I can't learn to do that one, ever." He pressed his right ear to the door, held his breath, heard nothing, and addressed the top lock first. Quietly, he slid the thin pick of the lock-release gun into the key channel, under the pin tumblers. evening. She brought her daughters, seven-year-old Bonita and six year-old Francesca, who came with their newest Barbie dolls-Color Magic Barbie, the Barbie Beautiful Blues Gift Set, Barbie's friends.EARTHSEA. Putting one hand on the object to which she referred, Barty said, "Mom and I were listening to a book when you got here. This is a talking book." Maria Gonzalez arrived with her daughters, and while it was natural for Angel to be drawn to the company of older girls, she had no interest in anyone but Barty. The galerieur's icy demeanor thawed marginally at this proof of taste and financial resources. He either smiled or grimaced at a vague but unpleasant smell-hard to tell which-and identified himself as the owner, Maxim Coquin. The toast now came to Celestina. "To Phimie, who will be with me in memory every hour of every day for the rest of my life, until she is with me again for real. And to ... to this most momentous day." Perhaps, reluctant to admit to herself that she had yearned for him to do everything that he'd done, she had slowly been inflamed by guilt, until she convinced herself that she had, indeed, been raped. Psychotic little bitch. She poured cold milk and drank it quickly. As she was rinsing the empty glass, she felt as if she might throw up, but she didn't. He followed an alleyway to the building's service entrance, for which he possessed a key that wasn't provided to other tenants. He unlocked the steel door and stepped into a small, dimly lighted receiving room with gray walls and a speckled blue linoleum floor. Murmuring on the edge of sleep, Barty spoke to his father in all the places where Joey still lived: "Good-night, Daddy." He had difficulty picturing the detective puttering in the garden on weekends. Unless there were bodies buried under the roses. Holding up his misshapen hands, knobby knuckles toward Agnes, Obadiah said, "How do you think they became like this?" "Are you all right?" he asked as he opened the passenger's door and helped her into the car. If such a small quantity of crushed ice, taken in a single swallow, might cause. He closed his eyes to know the kitchen as Barty knew it. The fine aromas, the musical clink of spoons, the tinny rattle of pans, the liquid swish of a stirring whisk, the heat from the ovens, the women's voices: Gradually, denying himself sight, he was aware of his other senses sharpening. "Who is this?" he demanded, although for a demand, the words came out too thin, too squeaky. A moment ago, he'd slammed into Angel's room, and that was loud, but this boomed louder, thunderous enough to wake people throughout the building. Yet he didn't fault himself for a lack of sensitivity. He'd met this woman only once before. He wasn't emotionally invested in her as he had been in sweet Naomi. "Fifteen fifty-six?" Bill frowned. "Hell, the Chinese probably didn't even have mud back then." "I can do this with just a very little Novocain," she said, "so your mouth won't be numb for dinner." Daylight had retreated from the windows. Winter night, wound in scarfs of fog, like a leprous mendicant, rattled out a breath as though begging their attention beyond the glass. Junior remembered the very words the detective had used: They say she died in a traffic accident. "You're all right, we've got you now." His soft yet reverberant voice was so unearthly that his words seemed to convey an assurance more profound and more comforting than their surface meaning. This wasn't a new sensation. He had experienced it before. In the night just passed, when he awakened from an unremembered dream and saw the bright quarter dancing across Vanadium's knuckles. Edom's twin, Jacob, who had never held a job, lived in the second apartment. He'd been there since graduating from high school. Junior didn't want an apology. The offer of a free lunch-or an entire week of lunches-didn't charm a smile from him. He had no interest in taking home a free apple pie.
