Hound told his master that they had the hexer in a safe place, and Losen said, "Who was he working for?". Settling onto the empty stool beside this beauty, Junior offered to buy her a drink, and she accepted..Still on her knees, she raised the weapon and realized that she was going to shoot the maniac in the back, that she had no other choice, because her inexperience didn't allow her to aim for a leg or an arm. The moral dilemma overwhelmed her, but so did an image of Phimie lying dead in bloody sheets on the surgery table. She pulled the trigger and rocked with the recoil..Frequently, these days, she found herself explaining aspects of life to Barty that she hadn't expected to discuss for years to come. She wondered how she could make him understand this: Life can be so sweet, so full, that sometimes happiness is nearly as intense as anguish, and the pressure of it in the heart swells close to pain.. "What do you think of the exhibition," Junior asked, taking one step toward the musician, crowding him..An hour later, when Barty decided he wanted a soda, he switched off the book and asked Angel if she would like something to drink.. "Just that she's aware of all the ways things are," Maria added. "Like you and Barty." Jacob feared what men could do with clubs, knives, guns, bombs, with their bare hands, but he was most preoccupied by the unintended death that humanity brought upon itself with its devices, machines, and structures meant to improve the quality of life..Over many proud generations and at least to the extent of second cousins, no one on either side of Celestina's family had skin of this light color. They were without exception medium to dark mahogany, many shades darker than this infant..The study was the size of a bathroom. The cramped space barely allowed for a battered pine desk, a chair, and one filing cabinet..Celestina checked her wristwatch and saw that she was running late. With Angel's short legs and layers of red, there was no point in trying to hurry..With Barty's presence, Christmas Eve dinners had become even more agreeable, especially this year when he was almost-three-going-on-twenty. He talked about the visits to friends that he and his mother and Edom had made earlier in the day, about Father Brown, as if that cleric-detective were real, about the puddle-jumping toads that had been singing in the backyard when he and his mother had arrived home from the cemetery, and his chatter was engaging because it was full of a child's charm yet peppered with enough precocious observations to make it of interest to adults..THE RAIN THAT HAD threatened to wash out the morning funeral finally rinsed the afternoon, but by nightfall the Oregon sky was clean and dry. From horizon to horizon spread an infinity of icy stars, and at the center of them hung a bright sickle moon as silver as steel..As early as this evening, here at her son's bedside, Agnes began dimly to sense that certain of these amusing conversations with Barty might not be as fanciful as they seemed, that he was expressing in a childlike way some truth that she had assumed was fantasy..When Junior cut open a grapefruit for breakfast, he didn't find a quarter in it..Dining room. Two place settings at one end of the table. Wineglasses. Two ornate pewter candlesticks, candies not yet lit..Of firm but pliable rubber, custom-formed to his disfigured foot, a shoe insert filled the void left by his missing toe. This simple aid ensured that virtually all footwear was comfortable, and by November, Junior walked with no discernible limp..The boy-wonder physician turned to Junior again and assumed an expression of compassion so inauthentic that if he'd been playing a doctor on even the cheesiest daytime soap opera, he'd have been stripped of his actor's-union card, fired, and possibly horsewhipped on a live television special. "We'll be doing the procedure this afternoon, so I wouldn't want to give you anything much for the pain just prior to anesthesia and sedation. But don't you worry, Mr. Pinchbeck. Once we've lanced these boils, when you wake up, ninety percent of the pain will be gone." Glancing at his wristwatch with alarm, Edom bolted up from his chair. "Look at the time! Agnes gave me a lot to do, and here I am rattling on about earthquakes and cyclones." "My little girl," she said, and belatedly she realized that this might not be a policeman, after all, but someone trying to determine if she and Angel were alone in the apartment..Junior remembered the very words the detective had used: They say she died in a traffic accident..She was four years older than Phimie. They hadn't i;mn a great deal of each other during the past three years, since Celestina had come to San Francisco. Although distance and time, the press of her studies, and the busyness of daily life had not made her forget that she loved Phimie, she had forgotten the purity and the power of love. Rediscovering it now, she was shaken so badly that she had to pull a chair to the side of the bed and sit down.. "You can learn em." "Then you only have to wait eighteen years," he said, opening the apartment door and stepping aside once more, allowing Celestina to precede him.. "One hour," he announced, establishing a countdown. In sixty minutes, his internal clock would rouse him from a meditative state..Frowning, Panglo, said, "Terrible, you're right, so many terrible things happen, but I don't see why trains-". Instead, she saw Phimie reborn. She saw, as well, a child endangered. Somewhere out there was a rapist capable of extreme cruelty and violence, a man who would--if Phimie was correct--react unpredictably if ever he learned of his.This galerieur was tall, with silver hair, chiseled features, and the all-knowing, imperious manner of a gynecologist to royalty. He wore a well-tailored gray suit, and his gold Rolex was the very watch that Wroth Griskin might have killed for in his salad days..He was astonished that adoption records would be sealed and so closely guarded when a child was being placed with a member of its immediate family, with its mother's sister..In her features, the girl entirely resembled her mother. She was nothing whatsoever like Junior. Only the light brown shade of her skin provided evidence that she hadn't been derived from Seraphim by parthenogenesis..Highly impressed by the spot-on hyena scream with which Frieda had purged herself of the childhood emotional trauma inflicted by an authoritarian grandmother, Junior asked her to go out with him..In Cain's bedroom, Tom Vanadium's hooded flashlight revealed a six-foot-high bookcase that held approximately a hundred volumes. The top shelf was empty, as was most of the second..At nearly forty years of age, Edom still dreamed of that grim summer afternoon, although not as often as in the past. When it troubled his sleep these days, it was a nightmare that gradually metamorphosed into a dream of tenderness and hope. Until the last few years, he'd always awakened when the roses were being jammed into his mouth or when the thorns flicked through his eyelashes, or when Agnes began to strike their father with the Bible, thus seeming to assure worse punishment. This additional act, this transition from horror to hope before he woke, had been added when Agnes was pregnant with Barty. Edom didn't know why this should be so, and he didn't try to analyze it. He was simply grateful for the change, because he woke now in a state of peace, never with worse than a shudder, no longer with a hoarse cry of anguish..The window mechanism creaked, the two tall panes began to open outward but too slowly, and the cold white night exhaled a chill plume of breath into the room..Because the upper part of the hospital bed was somewhat

raised, he didn't have to lift his head from the pillow to study the corner where the phantom waited. He peered beyond the IV rack, past the foot of the bed. After the service, among those who came to Agnes at graveside, trying to express the inexpressible, was Paul Damascus, the owner of Damascus Pharmacy on Ocean Avenue. Of Mideastern extraction, he had dark olive skin and, incredibly, rust-red hair. With his rust-red eyebrows, lashes, and mustache, his handsome face looked like that of a bronze statue with a curious patina.

MONDAY MORNING, far above Joe Lampion's grave, the translucent blue California sky shed a rain of light so pure and clear that the world seemed to have been washed clean of all its stains. Wally's help, not just with the apartment, but with his time and love, had made an incalculable difference. The striking resemblance between this artist and Seraphim, as well as the facts in the biographical sketch under the photo, argued that the two were sisters. Besides, Junior was reluctant to kill Vanadium, for real this time, and risk discovering that the detective's filthy-scabby-monkey spirit would in fact prove to be a relentless haunting presence that gave him no peace.

"For the love of God," Junior pleaded, "can't you please give me something for the pain?" Not many men wore hats these days. Since his teenage years, Nolly had favored a porkpie model. San Francisco was often chilly, and he began losing his hair when still young. Now, without realizing when it had happened, he had been lowered from his knees to his right side. Head elevated and tilted by one of the paramedics. So he could expel the bile, the blood, rather than choke on it.

"Wally," Celestina said, without hesitation, because suddenly she saw something of a Wally in his green eyes, which were livelier than they had been before. An affecting but difficult-to-define note in Dr. Lipscomb's voice brought Celestina slowly out of the office chair, to her feet. Perhaps it was wonder. Or fear. Or reverence. Perhaps all three.

"I'm no hero," Paul insisted. "I just got your mom out of there in the process of saving myself." He swore that he would throw away all memory of this incident, as well. In Caesar Zedd's best-selling *How to Deny the Power of the Past*, the author offers a series of techniques for expunging forever all recollection of those events that cause us psychological damage, pain, or even merely embarrassment. Junior went to bed with his precious copy of this book and a snifter of cognac filled almost to the brim.

Animal instinct told Junior that the business with the quarter in the diner and now these quarters in his living room were related to his failure to find Bartholomew, Seraphim White's bastard child. He couldn't logically explain the connection; but as Zedd teaches, animal instinct is the only unalloyed truth we will ever know. Pity warmed the physician's ascetic face. "You loved your wife very much, didn't you?" Perhaps because Celestina was her father's daughter, with his faith in humanity, she was always deeply moved by the kindnesses of strangers and saw in them the shape of a greater grace. "Does your wife know what a lucky woman she is?" Three minutes by car, maybe two without stop signs. He could just about run it as fast as drive it. He had a bit of a gut on him. He wasn't the man he used to be. Ironically, however, after the coma and the rehab, he wasn't as heavy as he had been before Cain sunk him in Quarry Lake.

The two women stared at each other, and at last Celestina said, "Good Lord, what's happening here?" Barty turned away from her, surveyed the kitchen, and said, "Ah. The twisty is me." Initially, lying drowsily in the sumptuous comfort of Pratesi cotton sheets with black silk piping, Junior assumed that he was in a twilight state between wakefulness and sleep, and that the singing must be a lingering fragment of a dream. Although rising and falling, the voice remained so faint that he didn't at once identify the tune, but when he recognized "Someone to Watch over Me," he sat up in bed and threw back the covers.

With his bent thumb against the crook of his forefinger, he flipped the quarter. Even as the coin snapped off the thumbnail and began to stir the air, Tom flung up both hands, fingers spread to show them empty and to distract. Yet on a second look, the coin was not airborne as it had seemed to be, no longer spinning-wink, wink-before their dazzled eyes. It had vanished as though into the payment slot of an ethereal vending machine that dispensed mystery in return.

In fifty years, until Angel, Tom had found no other like himself and now a second in little more than a week. "I can't do what you did." He was wrong about this. On the final Friday of every month, in sunshine and in rain, Junior routinely took a walking tour of the six galleries that were his very favorites, browsing leisurely in each and chatting up the galerieurs, with a one-o'clock break for lunch at the St. Francis Hotel. This was a tradition with him, and invariably at the end of each such day, he felt wonderfully cozy. The hum, the buzz, the rattle, the grinding of machinery, power tools. Sheet steel and tougher structural steel snarling against the teeth of a metal-cutting saw.

She only half understood their frantic conversation, partly because the ability to concentrate was draining from her along with her lifeblood, but also because she was distracted by Joey. He was no longer in the wreck, but standing at the open rear door of the ambulance. He yearned for a new heart mate. He was wise enough to know that no amount of yearning could transform the wrong woman into the right one. Love couldn't be demanded, planned, or manufactured. Love always came as a surprise, snuck up on you when you were least expecting it, like Anthony Perkins in a dress.

As Tom Vanadium studied the stained and ravaged wall again, a cold and quivery uneasiness settled insectivally onto his scalp and down the back of his neck, quickly bored into his blood, and nested in his bones. He had the terrible feeling that he was not dealing with a known quantity anymore, not with the twisted man he'd thought he understood, but with a new and even more monstrous Enoch Cain. Carrying the tote bag full of Angel's dolls and coloring books, Wally crossed the sidewalk ahead of Celestina and climbed the front steps.

In his mind's eye, he saw the answering machine with uncanny clarity. That curious gadget. Sitting atop the scarred pine desk. She held his face in both hands and kissed each of his beautiful jewel eyes. "You ready?" Although he found Magusson's face sufficiently disturbing that he avoided looking at it more than necessary, and though Magusson's bulging eyes were so moist with bitterness and with need that they inspired nightmares, Junior shifted his gaze from his half-numb hands to his attorney. "Luck? I lost my wife. And my unborn baby." The bandaged man stormed up from the ruin of the living room, gauze fluttering around his lips as his hard exhalations seemed to prove that he wasn't a long-dead pharaoh reanimated to punish some heedless archaeologist who had ignored all warnings and violated his tomb. So this wasn't a *Weird Tales* moment.

"That wasn't gossip," Grace insisted. "I was just telling you that Paul got the swing repaired and rehung." "Consider what I told you," Dr. Salk urged. "Your Perri would want you to think about it." The detective shrugged. "The girl might've had her baby at a third rate hospital, one with poor control of patients' records and a less professional staff. Or the kid might have been placed for adoption through some baby brokerage in it strictly for the money. Then there would've been opportunities to learn something. But as soon as I discovered it was St. Mary's, I knew we were screwed." By mid-March, he had exhausted the possibilities of Bartholomew as a surname. By the time that he shot himself in September, he had combed through the first quarter million listings in the directory in search of those whose first names were Bartholomew.

mother's understanding of the world and of her own existence. Unlike most other toddlers, Barty was entirely comfortable with change. From bottle to drinking glass, from crib to open bed, from favorite foods to untried flavors, he delighted in the new. Although Agnes usually remained near at hand, Barty was as pleased to be put temporarily in the care of Maria Gonzalez as in the care of Edom, and he smiled as

brightly for his dour uncle Jacob as for anyone..In this case, he was sure that vanity was not a fault, not the result of a swollen ego, but merely healthy self-esteem. That he was irresistible to women wasn't simply his biased opinion, but an observable and undeniable fact, like gravity or the order in which the planets revolved t around the sun..Carrying the brochure, Vanadium returned to the bathroom and switched on the overhead light. He stared at the slashed wall, at the name red and ravaged..At the mention of her son's name, Agnes stiffened. There were numerous ways for Deed to have learned the baby's name, yet it seemed wrong for him to know it, wrong to use it, the name of this child he had nearly orphaned, had almost killed..The report on the tower forced Junior to consider his mortality; fear, hurt, and self-pity roiled in him. His voice trembled with offense: "You do know, Mr. Magusson, what happened to my Naomi was an..Although she knew how, and although she knew the pointlessness of asking why, Agnes asked, "Why? Oh, Lord, why must a blind boy climb a tree?".He knew she wouldn't just step back to calculate her batting average, so he rolled at once, out of her way, immensely relieved that he could move, because judging by the pain coruscating across his back, he wouldn't have been surprised if she had broken his spine and paralyzed him. The chair crashed down again, exactly where Junior had been sprawled an instant before..The door was falling shut. With no more sound than the day makes when it turns to night, the detective had gone..If killing the wrong Bartholomew had broken a dam in Junior and released a lake of tension, whacking the right Bartholomew would set loose an ocean of pent-up stress, and he would feel free as he'd not felt since the fire tower. Freer than he'd been in his entire life..When he killed the Bartholomew, this haunting would finally end, too. In Junior's mind, Vanadium and Bartholomew were inextricably linked, because it was the maniac cop who first heard Junior calling out Bartholomew in his sleep. Did that make sense? Well, it made more sense at some times than at others, but it always made a lot more sense than anything else. To be rid of the dead-but-persistent detective, he must eliminate Bartholomew..He warily surveyed those around him as he walked, and looked over his shoulder from time to time. On one of these backward glances, he was unnerved but not surprised to see Vanadium's specter..The moon shimmered, and the stars blurred-but only briefly, for her devotion to this boy was a fiery furnace that tempered the steel of her spine and brought a drying heat to her eyes. Without Franklin Chan's full approval but with his complete understanding, Agnes took Barty home. On Monday, they would return to Hoag Hospital, where Barty would receive surgery on Tuesday..At those cutting-edge galleries where he attended receptions, no one got in without a printed invitation. And even with the authentic paper in hand, you might still be refused entry if you failed to pass the cool test. The criteria of cool were the same as at the current hottest dance clubs, and in fact the bouncers controlling the gate at the finest avant-garde galleries were those who worked the clubs.
