you saying, Nais? What about pilots? And various rescue workers? And those hid some reluctance or self-doubt. It was the father's idea, not the boy's, that he was gifted..Ember was on the dock to meet him. Lame and very thin, he came to her and took her hands, but he could not lift his face to hers. He said, "I have too many deaths on my heart, Elehal." She stretched, feeling the ease of her body in the warmth, and her mind drifted back to Ivory. She had had no one in her life to desire. When the young wizard first came riding by so slim and arrogant, she wished she could want him; but she didn't and couldn't, and so she had thought him spell-protected. Rose had explained to her how wizards' spells worked 'so that it never enters your head nor theirs, see, because it would take from their power, they say'. But Ivory, poor Ivory, had been all too unprotected. If anybody was under a spell of chastity it must have been herself, for charming and handsome as he was she had never been able to feel a thing for him but liking, and her only lust was to learn what he could teach her..Again he paused. He was angry; perhaps he.He had not thought. He had taken the shape that came soonest to him, run to the river as an otter would, swum as the otter would swim. But only in his own form could he think as a man, hide, decide, act as a man or as a wizard against the wizard who hunted him.."Maybe things are, for women. But I...I can't be double-hearted."."She came to this place at this time," the Namer said. "And to this place, at this time, no one comes by chance. All any of us knows is how it seems to us. There are names behind names, my Lord Healer."."To come here," he said. He was beginning to tremble less. His bare feet were a sad sight, bruised, swollen, sodden. She wanted to tell him to put them right to the fire's warmth, but didn't like to presume. Whatever he was, he wasn't a beggar by choice..He had not planned or intended any such adventure, but crazy as it was, it suited him better the more he thought about it. The prospect of spending the long grey winter at Westpool sank his spirits like a stone. There was nothing here for him except the girl Dragonfly, who had come to fill his thoughts. Her massive, innocent strength had defeated him absolutely so far, but he did what she pleased in order to have her do at last what he pleased, and the game, he thought, was worth playing. If she ran away with him, the game was as good as won. As for the joke of it, the notion of actually getting her into the School on Roke disguised as a man, there was little chance of pulling it off, but it pleased him as a gesture of disrespect to all the piety and pomposity of the Masters and their toadies. And if somehow it succeeded, if he could actually get a woman through that door, even for a moment, what a sweet revenge it would be!.on the edge of twilight, a low wall of stones. And as he looked he thought he saw a woman walking.They worked and taught in the Great House. They saw it go up stone on stone, every stone steeped.You don't care, eh? Stay a while. You can see," And he set off down the path between the parsley
